

outstanding as at 23 May 2006, representing 5.61% of the issued share capital. If this resolution is passed and the full authority to buy back shares is used, then outstanding options to subscribe for equity shares will represent 6.23% of the issued share capital.

Listed companies are now permitted, subject to certain restrictions, to hold their own shares which they purchase in Treasury for resale or transfer at a later date, rather than being obliged to cancel them. If the Company were to purchase any of its own shares pursuant to the authority referred to above, it would consider holding them as treasury stock provided that the number does not at any time exceed 10% of the Company's issued share capital. This would provide the Company with additional flexibility in the management of its capital base. As at 23 May 2006, the Company held no ordinary shares in Treasury.

Directors' Responsibility for the Financial Statements

Company law requires the Directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Company and the Group and of the profit or loss for that period. In preparing those financial statements, the Directors are required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- Prepare the financial statements on a going concern basis unless it is inappropriate to presume that the Group will continue in business.

The Directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the requirements of the Companies Act 1985. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Group and to prevent and detect fraud and other irregularities.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the Company's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.
